RESIDENTIAL ACCOMMODATION

North Shropshire College offers residential accommodation in single study bedrooms on the Walford Campus. Priority for accommodation is given to students on land-based courses for whom daily travel presents particular problems. Some of the rooms are en-suite while others have washbasins and shared shower and toilet facilities. All the halls have shared kitchen areas.

Accommodation is offered for the whole academic year on a weekly basis from Sunday night to Thursday night inclusive. Students cannot stay at weekends. Bursaries are available to residential students if you meet the criteria to help support residential costs.

Students are encouraged to be independent and enhance their 'life skills' while in residence. Opportunities to develop skills form part of the pastoral activities programme during the evenings. Further information about accommodation can be found on the college website www.nsc.ac.uk in the student services section or by contacting the Accommodation and Welfare Manager.
