VISAGE

The Visage Hair and Beauty complex has its own separate reception area and is equipped with two state-of-the-art hairdressing salons with a total of 26 individual hair styling bays, including adjustable chairs, overhead driers, and storage cupboards. Both salons are contemporary and modern in design and include full interactive learning white boards that help demonstrate theory in practice through the use of video. Full barbering facilities are also available.

In addition, Visage has two fully-equipped beauty salons with 16 individual beds that make use of the latest techniques and treatments including holistics. Steam and sauna facilities are available in one of the beauty salons for students wanting to develop skills in spa treatments. In September 2011 Visage opened its first nail bar salon to help support and maximise the growing number of students pursuing nails as a career.
